

Price Matrix Report

The *Price Matrix Report* screen lets you generate a report showing the price matrices created for product discounts using any of the *Price Matrix* screens. You can set filtering parameters to define the report. The report can be generated for any one of the following:

- Customer Class/Item Class.
- Customer Class/Price Group.
- Customer Class/Item.
- Customer/Item.
- Customer/Price Group.

BatchMaster WEB will process your report parameters and display the results as a Crystal Report ready for printing or export, as required.

Go To: Sales → Sales Master Reports → Price Matrix Report.

Click on the *Price Matrix Report* option to open the *Price Matrix Report* window. On the *Price Matrix Report* window, filtering parameters can be used to define the scope for processing the report.

The screenshot shows the BatchMaster Price Matrix Report window. The interface includes a sidebar with navigation options: Dashboard, Common, Inventory, Purchase, Quality Control, Sales, Accounts Payable, Accounts Receivable, General Ledger, Bank/Cash, R and D, BOM, and Production. The main area is titled 'Price Matrix Report' and contains a 'Parameter' section with a search bar and a dropdown menu. The dropdown menu is set to 'Customer/Price Group'. Below this, there are several input fields with search icons, each corresponding to a specific filter criterion. The 'Applicable Date From' field is highlighted in red. At the bottom right, there are 'Process' and 'Close' buttons.
